Saving Farmland
Organic Farmer Training
Educational Programs
Bringing Great Food to You!

Once gone, precious farmland is gone forever.

Millions of acres of farmland are paved over every year—Illinois lost 4 million acres between 1950 and 1999 – some of the richest soil in the world.

The Land Connection purchases farmland to save it from development and make it available to new farmers. Your tax-deductible contribution makes this possible, helping us convert land to organic production, train farmers, and educate the public. Join us in ensuring there will be farms and farmers producing healthy, delicious food for you and for generations to come.

YES! I want to save farmland, protect our environment and support organic farmers.

Enclosed is my check for:

- \$25 student membership
 - \$45 individual basic membership
 - \$75 couple basic membership
